

# **EPA TSCA Title VI certified manufacturer**

No. 1080 - 2 - TPC-11

Holzforschung Austria (HFA), approved by the Environmental Protection Agency (EPA) in accordance with 40 CFR Part 770, subpart B, § 770.7, Formaldehyde Standards for Composite Wood Products has received a completed application by the panel producer of composite wood products for third-party certification. The producer demonstrated compliance of composite wood products with section 40 CFR Part 770, subpart C, § 770.10, Formaldehyde Standards for Composite Wood Products. Holzforschung Austria has audited the producer as required by 40 CFR Part 770, Formaldehyde Standards for Composite Wood Products.

Based on § 93120-93120.12, Title 17, California Code of Regulations the producer passed the initial (qualifiying) test method at Holzforschung Austrias laboratory in Vienna, Austria. All requirements as described in 40 CFR Part 770, Formaldehyde Standards for Composite Wood Products have been met.

## FunderMax GmbH

Bickfordstraße 6 7201 Neudörfl, Austria

#### PRODUCTION SITE

## AT-7201 Neudörfl, Austria

### SCOPE OF CERTIFICATION

PARTICLEBOARD of the mill type E05 Formaldehyde emission Standard: TSCA Title VI - 40 CFR Part §770.10 Thickness range: 8 mm to 40 mm

This certificate is based on the Memorandum of Agreement between the EPA and CARB. This certificate remains valid as long as the continuous supervision including quarterly inspections based on the contract No. 1080 between the producer FunderMax GmbH and the approved Third-Party Certifier Holzforschung Austria is in force.
